

# Mauritania – Excluding Nouakchott

## Global Youth Tobacco Survey (GYTS)

### FACT SHEET . . . . .

The Mauritania (excluding Nouakchott) GYTS includes data on prevalence of cigarette and other tobacco use as well as information on five determinants of tobacco use:

access/availability and price, environmental tobacco smoke exposure (ETS), cessation, media and advertising, and school curriculum. These determinants are components Mauritania could include in a comprehensive tobacco control program.

The Mauritania (excluding Nouakchott) GYTS was a school-based survey of students in 1ere, 2eme, and 3eme

Annee, conducted in 2001. A two-stage cluster sample design was used to produce representative data for all of Mauritania excluding Nouakchott. At the first stage, schools were selected with probability proportional to enrollment size. At the second stage, classes were randomly selected and all students in selected classes were eligible to participate. The school response rate was 77.8%, the student response rate was 83.2%, and the overall response rate was 64.7%. A total of 1673 students participated in the Mauritania (excluding Nouakchott) GYTS.

### Prevalence

- 28.0% of students had ever smoked cigarettes (Male = 34.4%, Female = 20.9%)
- 28.2% currently use any tobacco product (Male = 31.7%, Female = 24.9%)
- 16.6% currently smoke cigarettes (Male = 21.9%, Female = 10.7%)
- 18.5% currently use other tobacco products (Male = 19.0%, Female = 18.6%)
- 18.7% of never smokers are likely to initiate smoking next year

### Knowledge and Attitudes

- 42.3% think boys and 39.1% think girls who smoke have more friends
- 35.4% think boys and 31.3% think girls who smoke look more attractive

### Access and Availability - Current Smokers

- 25.6% usually smoke at home
- 42.3% buy cigarettes in a store
- 66.8% who bought cigarettes in a store were NOT refused purchase because of their age

### Environmental Tobacco Smoke

- 44.0% live in homes where others smoke in their presence
- 46.2% are around others who smoke in places outside their home
- 56.0% think smoking should be banned from public places
- 42.5% think smoke from others is harmful to them
- 25.8% have one or more parents who smoke
- 13.5% have most or all friends who smoke

### Cessation - Current Smokers

- 74.8% want to stop smoking
- 70.8% tried to stop smoking during the past year

### Media and Advertising

- 77.6% saw anti-smoking media messages, in the past 30 days
- 71.4% saw pro-cigarette ads on billboards, in the past 30 days
- 65.0% saw pro-cigarette ads in newspapers or magazines, in the past 30 days
- 27.1% have an object with a cigarette brand logo
